Luxury Holiday Home next to Poole Quay

Imagine waking up to stunning panoramic views across Poole harbour. This lovely holiday home allows you to watch the sunrise over Poole harbour from the comfort of your bedroom. Beautifully furnished, this modern holiday home sleeps 6 people in comfort. It is located in a stunning position overlooking the second largest natural harbour in the world, Poole Harbour. The vast panorama extends from Sandbanks to Corfe Castle with Brownsea Island in the centre. From the lounge and master bedroom it is possible to see the chain ferry at the harbour mouth on one side and the channel ferries docking at the other. It makes an ideal spot for a holiday for young or old.

For the keen cyclist the house is situated on the south coast national cycle route. What better way to see this lovely area than by bike.

For walkers there's spectacular coastal walks on the Isle of Purbeck and plenty to see around the harbour itself. There's loads of other activities available in the local area from windsurfing and kite boarding to coastering and horseriding.

Poole is a bustling port nestling between traditional Bournemouth to the east and glorious rural Purbeck to the west, with its fabulous countryside and coastline just waiting to be explored. Poole Quay is a short stroll from the house and has all the facilities needed such as pubs, restaurants and shops. Tall ships are often tied up here and passenger ferries leave every half hour for Sandbanks and Brownsea Island, giving a harbour tour on the return route. The beaches of Sandbanks and of course Studland, where you can let it all hang out, are superb.

There are great city and town destinations such as Salisbury, Winchester or Shaftesbury within an hour or less away. Bournemouth has great shopping. Lovely countryside beckons with The New Forest National Park to the east and Dorset to the west. Day trips to the Isle of Wight are possible with the ferry from Lymington. There are also many magnificent stately homes and Gardens in Dorset and Hampshire. Our favourites are the World Heritage coast of Purbeck (Durdle Door, Lulworth Cove) and the seaside resorts of Swanage and Weymouth. Even Lyme Regis on the Jurassic Coast is less than an hour away.
